Turn your newspaper into a FOGO bin liner

Start by layering at least four sheets of newspaper on top of each other to form a square.

Fold point B to point D to form a triangle. Fold all creases tightly.

Fold point C to point ab

Turn it around so the long folded side is on the bottom.

Fold point A to point bc

Fold down two flaps on one side and two flaps on the other side.

Open the paper bin liner and place inside bin.
