Graffiti removal request

General information

The City is responsible for the removal of graffiti on infrastructure managed or owned by Council. Council supports a policy of rapid removal of graffiti with priority being given to offensive or obscene graffiti with the aim to have this removed within 24 hours of it being reported. Other instances of graffiti are removed as soon as possible. Please note, the City of Hobart does not remove graffiti from private property, however arrangements can be made to remove graffiti on private properties that interface with Council serviced areas such as a Council reserve, footpath or roadway but cooperation of the building owner is required. Please note the City of Hobart is unable to remove graffiti from sandstone, heritage buildings, damaged surfaces or from an area more the 2.4 above ground level or areas outside of the City of Hobart municipal area. For graffiti that requires removal please complete the online form.
